SIPDIS

Infanteria de Marina (COMIM)[Marine Comandos]
(6 Pax), Secretaria Nacional Anti Drogas
(SENAD) [Military component of DEA
equivalent](6 Pax), Tropas Especiales(TEE)
[Army SF equivalent] (6 Pax), Brigada
Aerotransportada (BAT)[Airborne equivalent]
(6 Pax) and Secretaria de Prevencion e
Investigacion de Terrorismo (SEPRINTE)
[Special CT Police] with Fuerzas Operacionales
Policiales Especiales (FOPE) [National
Police](4 Pax combined) will participate. A
total of 50 Pax will train. Training
locations will be Asuncion, Cerritos, Vista
Alegre, and Pozo Colorado.

4. PA units to be trained are the nucleus of a
joint CT company now taking shape. The REP, under
the Paraguayan military concept is the urban
warfare hostage rescue unit. As such they are the
hosting unit. The CT Company, SEPRINTE and FOPE
send members from their units to facilitate
standardization of tactics techniques and
procedures. The SENAD, the Paraguayan DEA
equivalent, includes a military component from the
different military services, and has direct
responsibility for counter narcotics operations.
Given the nexus between narcotics trafficking and
terrorism they form a part of this capability and
stand to gain by standardization of the TTP for
CQB.

5. ODC Operations Officer will provide threat
update upon arrival. Deploying forces need to
conduct their own force protection threat
assessment and RDAs. Recommend this be a task of
the ADVON. ODC will support as necessary.

6. COL Carlos A. Calderon, CHODC Paraguay, is the
CDR USSOUTHCOM designated risk determination
authority and has TACON for force protection over
deployed forces. COL Carlos A. Calderon's
assessment is that contact with hostile elements
is unlikely and the area is secure and adequately
protected.

7. The general threat in Paraguay according to the
Department of State SETL is HIGH for transnational
terrorism, LOW for indigenous terrorism and HIGH
for crime. Crime consists of larceny, robbery and
rarely at gun point. There appears to be no
direct targeting of U.S. personnel. Host nation
military will provide sufficient security to deter
threat to U.S. personnel and equipment on military
installations and in transit.

8. Weapons and ammunition will be transported
IAW U.S. Embassy and Army policies and
regulations. Chief of Mission, DCM, and CHODC
are approval authorities for any use of
weapons outside of the training areas or
during transit of weapons, ammunition or
sensitive items for force protection. Prior
to deployment of weapons the following

information must be provided to ODC for submission to RSO: Make, Model, Serial Number.

9. Maximize use of unclassified transmission. For all classified messages use a tear line. All information which is authorized for release to the Paraguayan Armed forces in order to coordinate the exercise mentioned in reference above should be marked as: (U//FOUO//REL TO USA and PRY) or (C//REL TO USA and PRY). Approval authority for special markings is your Foreign Disclosure Officer. Information that is improperly marked will result in a delay or cancellation of mission due to ODC's inability to release information if improperly marked.

10. Deploying units should have a Public Affairs plan. Elected politicians and cabinet level officers of the government of Paraguay are frequently invited to final exercise to aid in transparency issues that will secure further training opportunities. The Press is invited to specific events such as the final exercise.

11. Legal protections in support of this deployment will be requested via a Dipnote.

12. All country clearances for PDSS, ADVON and Main Body deployments should include a complete listing of both Primary and Alternate personnel. Units should anticipate last minute changes that necessitate this flexibility and build it into the Country Clearance Request. Reference to the total number of personnel who will deploy should be made in the body to clarify, for example "no more than 10 personnel will deploy in support of this deployment." By doing so administrative burden to process changes is eliminated.

13. POC/Major Tod C. Furtado, Operations Officer/ODC PARAGUAY/TEL: COMM 595-21-208-207; FAX 595-21-210-827; DSN 294-9000-59395 E-MAIL: furtadot@asuncion.mg.southcom.mil
